figure flattery Tips on making the most of your shape

Invisible Lines/Tired of glimpsing visible seams—or worse, back bulge—through

your shirt? Try Sassybax's new line of smoothing tops: tank, strapless bandeau, racerback and bra. Made of microfiber and Lycra, they hug your body to create a seamless silhouette. The tops, which go up to size XXL, also provide ample support and lift for cup sizes up to DD—some even have underwire. Celebrity fans include Catherine Zeta-Jones, Keira Knightley and Vanessa Williams. For information: sassybax.com.
